AND MORE!

When the daylight hours get shorter and the nighttime stretches out in long hours of darkness it feels as though there is less time in each day. Actually all stitchers should rejoice in this opportunity of extended stitching time and be very thankful for artificial light. If you know that you have a good night for stitching in your future, plan ahead. Make a great one-pot meal of chili, soup, stew or pasta and feed the family early. Have finger food for dessert snacks, like cookies or brownies that can not only be made or purchased ahead of time but practically serve themselves. Hang out your shingle saying that your business is CLOSED for the night and get ready to enjoy some uninterrupted personal creativity. You might want to choose a movie or TV show that you have seen before, which will cut down on the number of times you have to look up. Maybe you would rather have some music or an audible book for your stitching companion. All that is left is to thread the needle and dive into one of the best emotional repair activities ever invented, needlepoint.

As another year closes we would like to take this opportunity to let all of you know how much we appreciate your business. Thank you for letting us be even a small part of your creations. Needlepoint is our passion and we love to share it with you.

NEW PRODUCTS

SELF FINISHING TRAYS

The corners snap together to make a handy tray for stitching or emptying your pockets at the end of the day. Will fit any 2.75-3" round canvas.

COST: TRAY 34⁰⁰
CANVAS 43⁰⁰

CRAFT CASES

The heavy plastic of these cases is very protective from bumps, pokes and falls but stays fairly flexible to expand to the bulges of your threads, notes, tools and canvas (even on bars). The two pockets in the smaller bags are perfect to separate your actual stitching from all the threads and more that we carry along with us. The full-sided pocket on the smaller bags is 14 x 12 or 18 x 18, with the shorter pocket to the front of the bag being 14 x 6 or 18 x 9 respectively. Almost the best part is that it is CLEAR so that recognizing your project is a snap in a crowded closet or classroom.

COST: LARGE - 30" X 20" 32⁰⁰
MEDIUM - 18" X 18" 53⁰⁰
SMALL - 14" X 12" 42⁰⁰

NEW THREADS

SIZE 8 SILK WRAPPED PEARL PURL

Pearl Purl is a tightly coiled metal that can be Couched on a canvas. Silk Wrapped Pearl Purl is the same metal completely bound in very fine silk thread. Couch it as is, or stretch it, flatten it, mold it for different effects. We recently used this on the window box of the Zero Degrees North Residence, as you can see on page six.

COST: 12⁵⁰

SILK ROAD FIBERS STRAW SILK

Straw Silk is a relatively new stitching fiber to appear on the scene. With only a few years under their belt, they have taken the needlepoint world by storm. We are so pleased to announce SEVEN new colors just arrived and they are sure to be pleasers. These colors really caught my eye; Razzelberry is a rich red that falls in the cherry-pink range, Baby Boy, need I say, is a baby blue, Goldilocks is a warm sunny yellow, Ripe Mango is a yellow-orange great for Halloween or fruit, Deep End an ocean teal where the sharks swim, Shallow Waters a watery turquoise where it is safe to swim, and Mermaid a wading pool pale aqua. I am going to dive in and buy ALL of them for my stash.

COST: 6⁵⁰

ZERO DEGREES NORTH

BY KELLY CLARK

Finally the Zero Degrees Claus Residence is complete. Many of the finishing touches are 3-D stitch techniques and beading. I was already thrilled with the project before I worked all of the last details, so you can imagine how excited I was when I added the last few beads and doodads and then sat back to look at it as a whole. This has to be one of my all time favorite projects to work and share (along with Oh Henry!, Thanksgiving House, Sultan's Tray and Halloween House to name a few). Kelly's imaginative mind gave me the artwork to set my needles to work and oh did they work.

I can't part with my Residence long enough to get it framed. I will prop it up on a shelf or buffet and enjoy it through the holidays.

TRIPLE "T" CLASS

TEN TEMPTATIONS BY TONY

Have you ever taken a class from Tony Minieri? The experience is like no other class. In the TEN TEMPTATIONS class, Tony offers custom stitch guides for 10 different canvases. The variety of canvases appeal to a wide range of interests. When you arrive for class you will have your chosen canvas, custom guide and selected threads for that canvas and 3 days of scrumptious lunches and in-depth instruction from Tony. Tony teaches not only the stitches for your canvas, but also tidbits about stitching in general and how to improve your needlepoint game. There are sometimes discussions about why he assigned a specific look to a design area. The hands-on demonstrations are worth their weight in gold. The added benefit of being part of a class teaching more than one design is huge, as you might see a stitch or technique that would apply to one of your treasures at home.

Join us for the fun in one of the two 3-day Temptations Classes in June 2019. Sign up on the website or call the shop (901-458-6109). Only one session per person:
